WORK EXPERIENCE

Full-Stack Developer

Political Party ANR Paraguay - Remote | 2022 - 2024

- Developed a voter registration app using React (Frontend) and Laravel (Backend).
- Integrated RESTful APIs for seamless data management and real-time updates.
- Implemented authentication and security measures following best practices.
- Designed and optimized MySQL database schemas for improved performance.

Full-Stack Developer

AddTo - Remote | 2023 - 2024

I worked as a Full-Stack Developer for Add To, where I developed an AI solution using Python and built a professional presentation website for the company. The AI system was designed to enhance business operations, while the website effectively showcased the company's services and brand identity.
